

9321 Exam Information

May 2019

General Information

- Final Mark(out of 100) = Assignments (out of 40) + Quizzes (Out of 10) + Final Exam (out of 50).
- Assignment 3 will be marked ASAP.
- Pre-Exam Consultation: timetable already published on WebCMS3.
- Final Exam is important as you have to get 25 out of 50 to pass this course.
- If you are ill on the day of the exam, do not attend the exam – we will not accept any medical special consideration claims from people who already attempted the exam.
- No Supplementary exam will be offered for students who failed the Final Exam.

About the Final Exam

- We will examine your understanding instead of memorisation which means we will provide the formulas.
- No permitted materials. No calculators.
- Bring pens and pencils.
- Similar to the sample exam. (Please carefully read the cover page of the sample exam)
- No Coding.
- All the content which covered in the lectures and quizzes will be examined

Note: In the Final Exam, the part three will have three questions. But you only need to answer two of them, **do not** answer all of them.
